

ALEKS®

Dear Incoming 7th/8th Grade Students and Parents/Guardians,

Congratulations on a successful school year! The math department has prepared a comprehensive summer assignment for all students entering 7th and 8th grades. The assignment is posted on the Aleks program website (www.aleks.com). Students will use the same username and password that was used this school year. The assignment will *open on Thursday, June 23 @ 12:40 pm* and it will *close on Wednesday, September 7 @ 11:59 pm*. Students will have access to the assignment all summer and should work to complete it a little at a time. *Please do not wait until the last minute to complete the assignment.* The summer assignment will count as the first grade in math class for next school year. Students will have access to the worked out examples and multiple attempts per question to complete the assignment to the best of their ability. Remember, the purpose of this assignment is to keep your math skills and knowledge sharp for next school year!

Thank you in advance for your continued diligence and commitment to learning!

Sincerely,

The GCMS Math Department
