

# Kindergarten Supply List

## 2021-2022 School Year

Dear Families,

Please note that given the circumstances, this list is subject to change. These supplies include a list of things we know we will need and use on a regular basis, however, come September, we may need to ask for additional items as we adjust to the changing circumstance and guidelines to ensure the health and safety of our students. Thank you for your understanding and patience!

The K Teachers
