Mr. Franklin Lincoln, Principal

Dear Wilson School Families,

The 2022-2023 school year has officially begun! I am excited to welcome everyone back to Wilson School, and to partner with you as we embark on this important journey together. It is an honor to be a part of such a wonderful community, and I am looking forward to all that this year has to offer.

As part of the Caldwell-West Caldwell School District, Wilson School upholds our core values of academic excellence & fostering a growth mindset, wellness & balance, and instilling a sense of community, equity & inclusion for all students. We at Wilson School firmly believe that these values contribute to the development of well-rounded, capable and responsible young people and we are committed to finding success for each and every student who attends Wilson School.

This year, it is my sincere hope that we continue to build on the previous year's successes. We will continue to meaningfully implement technology in and out of the classroom with our 1:1 initiative, and with the addition of Promethean Boards in the classroom. We will increase transparency by using the LinkIt! Parent Portal - a feature of LinkIt! that will allow parents to see student results and track their progress over the course of the year, further enabling teachers and parents to partner and ensure student success. Wilson students and teachers will be supported by an incredible coaching staff, composed of our academic interventionists, STEM, and ELA coaches, and our teachers will continue to use assessment data to inform their practice and tailor instruction to meet the various needs of each student in their classroom. Finally, we will effectively use classroom time to provide students with meaningful learning experiences and offer targeted interventions based on student needs.

With that said, none of this works without all of you. A school is only as good as the relationship it has with its community. It is my intention this year to increase transparency, communication, and continue to create avenues for our school and the Wilson community to come together for the benefit of your children. Please do not hesitate to reach out with any questions or concerns, and know that I am always available to listen and open to learn.

In partnership,

Frank Lincoln, Principal
