

SUMMER ENRICHMENT PROGRAM

KINDERGARTEN CAMP

**Welcoming all students
entering Kindergarten &
1st Grade in the Fall of 2019!**

July 8th - August 2nd

Lincoln School 9 AM - 11:30 AM

\$595

Overview

This program is designed to provide learning opportunities for children that inspire exploration and creative expression while simultaneously strengthening academic skills of students. The hands-on activities and projects allow children to practice team building skills. There will be a generous amount of fun-filled experiments, investigations, activities and hands on learning. We invite you and your child to a summer full of innovation and design at KEP Summer Camp!

Reading & Writing Workshop

This program provides for both reinforcement of learned skills and remedial assistance for students who need a little extra help in the areas of reading and writing. **This is only available to children who will be entering 1st grade and are registered for Kindergarten Camp.** It takes place before camp from 8-9 AM. Cost \$300

Week 1 Young Environmentalist - July 8th

Instead of Earth Day, the children will be participating in an Earth Week! This week the focus will be on helping children to gain an understanding of and respect for our planet. They will learn about recycling, planting, and composting. Our goal is for children to be inspired to make our world a better, greener place.

Week 2 Little Picasso - July 15th

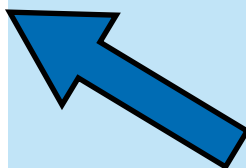

Paint, slime, and shaving cream? Why not! This week will be unique in that it will be solely dedicated to art. Children will enjoy creating masterpieces out of traditional and nontraditional art supplies. They can use egg cartons as paintbrushes or modeling clay to create sculptures. Experimentation is key!

Week 3 Around the World - July 22nd

Pack bags and grab your child's passport! Children will be off on new adventures learning about different cultures and countries through games, music, and crafts. We will finish the week by representing countries from around the world at the Ultimate Summer Games!

Week 4 Fun in the Sun - July 29th

What child doesn't love playing outside over the summer? This is a week dedicated to outdoor activities, designed to get children active and engaged in the outside world around them. There will be obstacle courses, water play, and nature walks.

Enroll Today! Registration will close once classes are filled.
